[The Healing Racism Institute of Pioneer Valley](#) is partnering with the Providers' Council to offer a private viewing and training session of *Cracking the Codes/The System of Racial Inequity* exclusively to Council members. Providers' Council's Board of Directors has identified tackling the challenges associated with race and diversity in our community as critical to the membership's commitment to social and economic justice. Designed for dialogue, the film works to disentangle internal beliefs, attitudes and pre-judgments within, and it builds skills to address the structural drivers of social and economic inequities. The film is divided into two sections that inspire conversational segments. *Cracking the Codes* is a great vehicle for a deeper conversation on racial inequity, history of discrimination, white privilege and internal and external factors.
